

Visas and Residency

International students (Undergraduate and Graduate) are to obtain their student visas in order to study in Turkey before they come to Turkey. Students should apply to the nearest Turkish Consulate in their native country with their “Letters of Acceptance” issued by Başkent University

The student visa is required in order for students to apply for a residence permit in Turkey. A student visa is usually valid for one month. Therefore, these students must register to the University within one month after their entry to Turkey.

All students are responsible for having valid health insurance covering the duration of their stay.

To get a student visa, you need to check required documents announced by Turkish Embassy at your country.

Student Visa: In addition to your letter of acceptance, we can send you a student visa request letter addressed to the T.R. Embassy or Consulate.

Health Insurance: We advise students to make their health insurance
